McCarthy's Mishaps the Last Per-termance of the Season.

The size of the andience at Green-call's last vight, where "McCarthy's Mishaps" was presented, or a benefit to Treasurer Sed Brunnin, attested the positionity of that gentlemen, who, by

won a very high place in the esteem of Fort Worth theatre-goers.

The chief movit of the play lay in the excellent singing of Messica. Hadrod and Martell, whose "Gestleman's fon," and "The Foor Outcast," was very catchy. Baby Lorrange, too, with her clear vetes and immessi children ways captured the fourse.

Manager Greenwall has had some excellent attractions during the caseon, and it is with genuine regret that the public receives the announcement that there will be no more plays until the opening of santher season. Arrangements have already been made, however, for the appearance of some of the best players in America next season, which Manager Greenwall proposes to make the most attractive everknown in Fort Worth. In his efforts in this line he will be ably seconded by the affaits transmer, Soi Braung.
